

Painted Plywood

DESCRIPTION

Timber Products is excited to introduce our new line of Painted Plywood, a range of primed and painted wood offerings that save you valuable time and money. We can prime and paint wood to your specifications – from primer type and paint color, to buildable thickness, coverage and finish. With an incredible range of color options, no style or preference is left out.

Timber Products is ready to supply your project with high-performance, long-lasting painted plywood, saving you a step in the process and ensuring a quality product every time. Throughout, the wood painting and finishing process at Timber Products is environmentally friendly, with no harmful volatile organic compounds (VOCs). Timber Products is proud to be a member mill of the APA – The Engineered Wood Association, offering quality product, unbeatable efficiency and an uncompromising environmental commitment.
